

# C1-22

Tunnel AGV goes under the trolley and the pink hook would rise or fall automatically to hook or release the trolley. It is compact, flexible and can travel bidirectionally.

Navigation Type	Magnetic tape navigation
Base dimensions	L1900*W420*H290(mm)
Run direction	Forward, reverse ,0~90 degree turn
Load capacity	800KG/1200KG/ 1500KG
Travel speed	0~ 35m/min
Turning radius	1000mm
Navigation accuracy	±10mm
Stopping accuracy	±10mm
Driving method	Differential drive
Battery charging method	Side charging /Underneath charging
Battery type	Lithium battery
Safety detecting range Safety circuit	≤3m(adjustable) safety laser scanner+anti-collision bumper
Case
