C2-34

With dual-steering wheel driving , this AGV could go forward, backward, sideways and make spin turn. The load capacity is up to 3,500 KG.

Navigation Type	Magnetic tape navigation/ QR code navigation/SLAM navigation
Base dimensions	L2000*W1200*H560(mm)
Run direction	Forward, backward, rotation and sideways
Load capacity	3500KG
Travel speed	0~ 45m/min
Lift height	50mm
Turning radius	1200mm (Magnetic tape navigation)
Navigation accuracy	±10mm
Stopping accuracy	±10mm
Driving method	Steering wheel
Battery charging method	Side charging /Underneath charging
Battery type	Lithium battery
Safety detecting range Safety circuit	≤3m(adjustable) safety laser scanner+anti-collision bumper
Case
